

## projecting signs grp (glass reinforced plastic)

### hanging grp sign SF1

 double sided hanging GRP sign panel with vinyl lettering or full colour digital print applied. mounted with galvanised steel frame painted black for a strong, robust, corrosion resistant finish

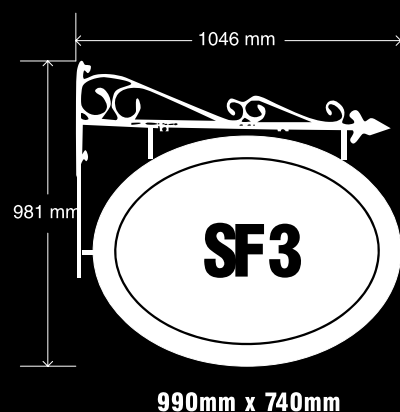

### hanging grp sign SF2

 double sided rectangular GRP swinging sign with vinyl lettering or full colour digital print applied, mounted with galvanised steel frame painted black for a strong, robust, corrosion resistant finish.

### fixed grp sign SF3

 double sided fixed (non swinging) grp sign panel with vinyl lettering or full colour digital print applied, mounted with galvanised steel frame painted black for a strong, robust, corrosion resistant finish.

## hanging grp sign SF1

☛ double sided, oval hanging GRP sign panel with vinyl lettering or full colour digital print applied. GRP signs have a similar look and feel of a traditional wooden sign without the maintenance. GRP signs are impact resistant, lightweight and very long lasting.

Hubertis Hampshire, England

## hanging grp sign SF2

☛ constructed in the same fashion as sf1 this rectangular larger sign can be mounted portrait or landscape with all fixings and moving parts made from corrosion resistant stainless steel.

Orchard Blossom Crafts, Markethill

## fixed grp sign SF3

☛ constructed in the same fashion as sf1 except in a larger size and can be wall or post mounted. the steel bracket comes with three mounting braces to prevent movement.

## bespoke commissions

☛ send us a sketch of your proposed projecting sign and we will make it reality.

Jeffrey Mackey Car Sales, Armagh
